

Candidate's East Palo Alto is my home, and I have spent my life fighting for the people who built it. I am a businesswoman who has owned and operated restaurants, run a tax practice. 45 years of Legal document preparation and trained as a legal researcher and investigator. With the emphasis in real estate. When residents are wronged, I do not write letters and wait. I take it to the Rent Board, to City Hall, and to the courts.

My promises are concrete. A mainstream supermarket in East Palo Alto, after 43 years without one. A modern Whiskey Gulch, rebuilt as the gathering place and economic engine it once was. Real rent protections are fair to both sides. A legacy community that will never be erased from the city it created. I will end the "Hocus Pocus". The "No Bid Contracts".

The era of hidden transparency's are over. Transparency in every contract, every vote, and every dollar.

The Silent majority your time has arrived. I am here for them. I respectfully ask for your vote.
