Re: Monthly Flock audit  
Date: August 31, 2025

I conducted the August 2025 audit of the Flock System per East Palo Alto Police Department Policy 428. The audit is from August 1<sup>st</sup> through August 31<sup>st</sup>. The Flock system captured 4,562,013 plates for this month. During the audit period East Palo Alto Officers conducted 844 searches. All of these searches were made within policy with valid cases numbers or reasons for the search.

As of today's date, we have all 25 cameras live.

I audited the agencies that we share our data with and confirmed they are all California agencies and follow the California Values Act (SB 54.) In August 2025, Flock added a second layer of protection for California agencies to not allow sharing with other States. I used that tool to confirm my manual audit.
