Re: Monthly Flock audit  
Date: December 31, 2025

I conducted the December 2025 audit of the Flock System per East Palo Alto Police Department Policy 428. The audit is from December 1st through December 31st. The Flock system captured 3,882,985 license plates during this month. During the audit period East Palo Alto Officers conducted 739 searches. All of these searches were made within policy with valid cases numbers and reasons for the search.

As of today's date, we have all 25 cameras live, with one having technical issues. Flock is working on getting it repaired.

I audited the agencies that we share our data with and confirmed they are all California agencies and follow the California Values Act (SB 54.)

### **East Palo Alto Flock cameras notable activity:**
