Re: Monthly Flock audit
Date: March 1, 2026

I conducted the February 2026 audit of the Flock System per East Palo Alto Police Department Policy 428. The audit is from February 1st through February 28th. The Flock system captured 4,499,730 license plates during this month. During the audit period East Palo Alto Officers conducted 803 searches. All of these searches were made within policy with valid cases numbers and/or reasons for the search.

As of today's date, we have all 25 cameras live.

I audited the agencies that we share our data with and confirmed they are all California agencies and follow the California Values Act (SB 54.)

East Palo Alto Flock cameras notable activity:

- 1) 2-12-26 – Missing person at risk – East Palo Alto Officers were dispatched to an elderly at risk missing person. Officer obtained a Silver Alert and utilized Flock to search for her license plate. Her vehicle license plate showed in San Jose, where officers were sent to look. Shortly thereafter, her vehicle license plate hit Sunnyvale's Flock system. Sunnyvale was able to locate her and returned her safely to her family.
- 2) 2-14-26 – Attempt murder – East Palo Alto Officers were dispatched to a stabbing that had just occurred. Officers learned that the suspect had fled in a vehicle and utilized Flock to locate the suspect's license plate number. The license plate was entered into the Department of Justice computer database as a wanted felony vehicle. The vehicle hit on San Francisco's Flock system. San Francisco Police located the vehicle and the suspect. The suspect was arrested and booked into jail on attempted murder charges.
- 3) 2-16-2026 – Stolen vehicle pursuit – Flock alerted East Palo Alto Officers of a stolen vehicle that entered the city. Officers located the vehicle, which briefly stopped. The officer was able to positively identify the driver, before he fled at a high rate of speed. The pursuit was cancelled for safety. A warrant for the driver is being sought.
