

CITY OF EAST PALO ALTO, CALIFORNIA  
DEPARTMENT OF PUBLIC WORKS – ENVIRONMENTAL DIVISION

---

## ADDENDUM 3

---

**1960 Tate St. Electric Vehicle Charging Stations Project**  
**CIP-FA-10**

### General Information

1. **Deadline Extension:** Due to the short turnaround from Addendums 2 & 3 to the original bid submission deadline, the City of East Palo Alto is extending the due date for bids for CIP-FA-10 to **5pm on Friday, July 25.**
2. **Request to Waive Pollution and Builder's Risk Insurances:** A request has been submitted to the risk assessment pool to waive these insurance requirements. While this project moves through the waiver process, guarantee of a waiver being granted cannot be made. If a waiver is granted before the bid submission deadline, another Addendum will be posted indicating this change.

### Questions

**Question 1:** Would boring be an option to get from point A to point B, or is trenching through the parking lot a requirement?

**Answer 1:** Boring is permissible in lieu of trenching. An updated Bid Schedule has been posted as Attachment C with Directional Boring as an alternative bid item.
