ADDENDUM 1

CIP 1.1 & 1.2

General Information and Questions

Question 1: Should the project plans be separated into different packages?

Answer 1: Yes. The project plans should be separated into two (2) distinct PS&E packages. One package shall cover Project 1, and the second package shall cover Project 2. Each package should be complete and clearly labeled.

Question 2: How should the sample cost proposal be submitted?

Answer 2: The sample cost proposal must be attached separately from the main proposal. However, both documents may be submitted within the same email. Please ensure the files are clearly labeled to distinguish between the proposal and the cost proposal.
